GRANTS AND CONTRACTS

Grants Proposed

\$3 million Requested from the National Science Foundation, 2015-2017

Urban Nature Ambassadors for Yard and Garden Conservation Practices: STEM Learning and Ecosystem Services

Working with a team of scientists from Portland State University, this research proposal establishes a sustainable urban citizen science program in four US cities. This study focuses on three urban ecosystem services provided by yard habitats and community gardens. The study will also assess STEM learning outcomes; how volunteers' ecological knowledge, attitudes, and related behavior change due to their participation; and how level of participation affects learning. I will serve as a consultant on this project developing research instruments and methodology for measuring social influence of volunteers.

Grants Awarded

\$506,000 National Priorities Research Program of the Qatar National Research Fund for a grant to fund a 2-year study of the Social Impact Assessment of Intensive Development: High-Rise Life in Urban Qatar (ongoing 2011-2015). Co P.I. with Kaltham al Ghanim

\$30,000 UW Green Seed Fund, the American Institute of Architects Upjohn Initiative for Research, and Puget Sound Energy (2014).

People + Energy + Place: Understanding Pro-Environmental Behavior in Multi-family High Performance Buildings and Communities. With Julie Kreigh, doctoral student, PhD Program in Built Environment. This research examines the factors that play a role in predicting and motivating pro-environmental and conservation behaviors among occupants of high performance buildings.

- \$369,000 Bremerton Housing Authority for a HOPE VI Evaluation, Jan 2009-2013
Contract for a 4-year research project to examine the impacts of the redevelopment of a public housing site into a mixed income community. Study will track original residents who were relocated and examine impacts on both the receiving and surrounding communities.
Co P.I. with Rachel Garshick Kleit, Ohio State University
- \$396,994 HUD Community Outreach Partnership Center (COPC) Grant
U.S. Housing and Urban Development, 2003-2006.
For the implementation of a Community Outreach Partnership Center Program. This 3-year group project focuses on housing needs of farmworkers and low income residents in Washington State's Yakima Valley. In collaboration with Michael Pyatok, UW Dept of Architecture.
- \$125,154 King County Housing Authority, 2002-2005.
For evaluation research project of the redevelopment of a public housing site in HUD's HOPE VI program. Co-Principal Investigator: Rachel Kleit, UW School of Public Affairs.
- \$33,327 Royalty Research Fund, University of Washington, 2001
For research project "Seattle's Chinatown-International District: Transnational Communities, Local Identities and the Making of Place." Co-P.I.s: Dan Abramson, Planning; and Jeffrey Hou, Landscape Architecture
- \$1,500 Environmental Design Research Association, 2000
For international professional conference event
- \$350,000 New York State Department of Labor for the Jackson Heights C.D.C., 1997-1999
Secured state grant to run a 3-year local economic development program in New York City.
